**Alginate Mixing Bowl**

The Plia-Bowl Alginate Mixing Bowl is molded from a high tech flexible medical grade urethane. Unlike imported bowls, there is no danger of harmful plasticizers migrating from the plastic. The inside of the bowl has a glossy surface, making alginate removal easy. The plia Bowl is a substantial improvement over the other expensive bowls. Each bowl is four inches in diameter.

The Super Soft Alginate Mixing Bowl is made for those who want a truly flexible mixing bowl. The Super Soft Alginate Mixing Bowl is molded from extremely smooth and pliable vinyl, making it easy to control mixing and even easier to clean! It comes in a cheerful yellow color. Each Bowl is four inches in diameter.
